Comments: I am a certified, professional arborist with over 25 years of experience in the tree industry. In short, my job is to take care of trees.

I see the damage that trees incur when line clearers for the power company do their job. I am in favor of the burying of power lines ONLY IF it can be performed with the health of the trees as a priority.

I welcome working as a professional consultant for the industry. Please do not hesitate to call me.

Thank you,  
Scott Johnston
